University of Virginia

Charlottesville (VA), United States

Exchange Student – SB, McIntire School of Commerce (on merit)

Jan 2024 – May 2024

EXPERIENCE

Algebris Investments

Milan, Italy

Summer Analyst

Jun 2026 – Oct 2026

- Responsible Investment and Policy Research

Organization of the Petroleum Exporting Countries (OPEC)

Vienna, Austria

Research Assistant

Jun 2025 – Aug 2025

- Evaluated the accuracy and consistency of 10-year GDP forecasts across the World Bank, IMF, and OPEC
- Briefed senior analysts on China’s 2023–25 housing stabilization policies versus 2008–09 crisis responses
- Built a multi-country panel dataset integrating crude oil benchmarks, macro indicators, and 15 years of web-scraped US/EU/China EV sales data
- Modeled EV sales and gasoline price dynamics using Panel VAR and Granger causality, controlling for 12 economic variables and policy incentives
- Assessed econometric robustness (IV, Fixed Effects, discrete choice) in literature on EV sales elasticity to inform ongoing research

Kuwait Petroleum International (Q8)

Rome, Italy

Summer Analyst

Jun 2023 – Aug 2023

- Co-authored a five-stage ESG-KPI reporting roadmap and designed a non-financial data collection framework to support CSR compliance and enhance stakeholder transparency, later integrated into the Q8’s sustainability reporting process
- Conducted global and European downstream energy-market assessments, mapped ESG and energy-transition policies, and benchmarked sustainability reports of 10 main competitors to further guide Q8’s sustainability vision and strategy

EXTRACURRICULAR

Algebris Investments

Milan, Italy

Training Camp

Jan 2026 – Feb 2026

- Participated in a week of workshops and lectures with portfolio managers across different asset classes
- Valued a company using DCF model, comparable analysis, and historical multiples
- Presented the investment opportunity in front of Algebris’ portfolio managers
